EXPERIENCE

Full Stack Software Engineering Student

Prime Digital Academy, Minneapolis, MN

MARCH 2023 - OCT 2023

- Gained hands-on experience honing my skills in JavaScript, React, Redux, HTML, and CSS.
- Built proficiency in server-side technologies such as Node.js and Express.js, along with database languages like SQL.
- Collaborated with a diverse group of fellow students, simulating a real-world team environment.

Campus Production Manager

Hosanna Church, Lakeville, MN

JULY 2017 - PRESENT

- Reduced staffing needs by implementing automation and empowering volunteers.
- Improved the experience of our product through project leadership and budget management.
- Achieved consistency and constant improvement while leading and directing live production teams of staff and volunteers.

Technical Arts Director

Trinity Church, Lakeville, MN

OCT 2015 - JULY 2017

- Implemented modern audio, video, lighting, and streaming elements in this organization.
- Empowered volunteers by coaching and delegating.
- Pioneered video production department by quickly learning new technologies.
